10/19-Some time ago I asked you to be alert to anything on a onnecticu case (Hiller) where Foreman got an innocent man convicted. I learned th the name of the lawyer, wrote him, got a very encouraging and sympathetic response, together with a bit of information I have to find time to read, expect to hear more, so don't spend a second on it. I am now satisfied he and the prosecutor both hold suspicions similar to mine Time, time, time...for too much.
