

12/9/72 I've let 3rd class P accumulate rather than greet your New Freedom with what might, on receipt, appear to be a large volume (1/2 lb). There is nothing urgent in it. I have tried to guess what might be of more immediate interest to you and send that 1st class. I have also reinforced it with magic tape, it being a thinner and larger envelope. Jan and Cris McDonald will be here today to retrieve their Cobber. I anticipate he'll want to go into town to get a local sausage he relishes. If so, I'll mail P then, otherwise Monday. Hope it was a Great First Week, a Real Honeymoon! H
