

After mailing I wondered if you were in position to understand what Graham said re ^Rgoads: Rhoads had denied me that contract 11/66 on alleging grounds that could not change, I was required to have at least equal access under regs and this catches them in another violation that at some time will be helpful

FEB 28 1972

There is not likely a connection but I realized today that aside from copyrighting last part PM at time 5-years of contract expired, what had happened immediately before Marshall let Lattimer see stuff is my interviews in Dallas. Also prob. unrelated, but recently, according to a very good source there, the CIA has been asking around.

By tonight's net TV news there was a change in what was reflected. Missed most NBC's, but they now expect nothing. Suppose void in Nixon toast after his telling press he would have something to say and what absence of saying anything means.

Rather CBS attended 5 acupuncture operations, 2 extractions, with other TV and printed press. Raved. Said no other anesthesia poss. Included Caesarian and lung operation. Patients interviewed during surgery. Called it "amazing". Severeid paid his initiation fee in the Birch Soc. with his b'cast from the streets that the people were cleaning by hand and with primitive tools. Said totalitarianism in operation and worse because no signs unwillingness, everyone working hard. What else but compulsion can there be to make people work for common benefit to one with his six-figure income for doing no real work at all and paying for everything he gets done? If a man is desperate and does hard work for pay, no compulsion. If he works without pay for common benefit, what else but compulsion. H
