

JAN 22 1972

1/19--without company for first time
in weeks, so I'm hoping to get things
cleaned up and be back to productive
work soon. Fred Graham seems a bit
concerned and defensive now. Barn
door stuff. He phoned yesterday, was
rather informative, and says he will
answer the questions. The few answers
he gave me by phone were informative
and not in any single case inconsis-
tent with my analysis in several cases.
Nothing else new. Best. HWAN 22 1972

No rush on return Excelsior and if
you would like it, keep it. I really
have no need. Think I got it for you
I'd be interested in the part about
the ass. only when ver translated.
