Thanks for Alford clips. Interesting that space for JG response to charges mostly devoted to rehash charges. There could be some legitimacy but I also know he didn't tell the truth about fixing, know his attitude on the Shaw case, know he offered to fix a case for me because he thought I had personal interest in it, and find the coincidence of his quitting so loudly and on such allegations just before the Mitchell's big attack ~~of~~ bit too much. I was writing a chapter on this when I had to lay aside what I was doing on Gervais. Think new hearing due on that Monday. HW 7/14 14.
