In future, don't take time to apologize for late return of clips. Uris/deVosjoli case in point. No loss. My interest, as you know, is in deV. If you don't have it, his Lania is being remaindered for \$1. Despite his reactionary politics, if you have interest in intelligence corruption, good source. He tells how SDACE handled narcotics, used Nazis as executioners, etc.

Penn is sui generis. Now he has Gurvich singing vs the government! Glad to get.

W.O. has again fallen silent so appreciate all Gervais clips if not too much trouble. Can't understand them except as Lemmings First Class. This may be connected with my meeting with Bailey at AEA 6/5. I was to have heard from lawyer actually on JG case Kadish next week but didn't. Had brief chat with younger lawyer with Bailey, Smith. But the assassinations may kill all such big-name interest except where he can get big press.

Enquirer didn't send me copy of what they did to my Bremer piece, so I can assume it is pretty irresponsible. I hear they lump it with three others, the other three saying CIA conspiracy. But this makes the novel I've just finished, The Triumph of Evil, a more interesting approach. It is short. Pocketbooks paperback due out next month. I have press copy. H
