

Bantam has come out (\$1.50) with  
China! Inside the People's Repub.,  
by the Committee of Concerned  
Asian Scholars. I haven't seen.  
BookWorld 3/5 describes as "eye-  
opening account" of last summer's  
visits by 15 young Asian scholars.H

I have not marked the cassette so  
that, if you want to preserve what  
is on it, you may mark it as you  
prefer. I have used a pencil on the  
plastic to mark the sides. 1 is the  
Public Radio show based on the CBC  
of which I told you. I was aired  
on WETA, DC, 3/4. I sat down,  
relaxed and fell asleep so I can't  
say much about it. 2 is the 3rd  
White show on NET. They call the  
series of which it is part N-PACT.  
I did not fall asleep for it and,  
having made an earlier comment  
about White, I avoid it this time  
not to influence any judgement you  
may make. I am sorry I didn't get  
to tape the second show, on which he  
was but part. *Forget to mark*
