

Saw Lesar and paid him for the copying and mailing yesterday. I asked him to include Gore Vidal's fine piece on Hunt in the NYReview. It is barely possible that he'll get this done today. If the Vidal is a duplicate, I am sure Howard would like it. The money you sent was more than enough. If Jim loses the note with it, I had given him the CRRIC magazine Counterspy for him to read and copy if he wants and then to send to you. If you want, keep, don't copy and return. If you don't want, let it wait and return when you have a 3cl mailing. HW 12/14/73
