

He is both symptom and an originator, going back to his first campaign. While I'm in general agreement with Laing and long have been of the same opinion. this Dickiebird would have been sick in any society! I don't suppose the thought even crossed Lewis' mind that he also contributes and for many made major contributions to the schold character of the country with his Warren sycophancy and some of his reporting. Matter of fact, the loud liberals are all more or less of this character and schizo, not realizing their great contribution to so many of the national madneses. HW 1/16/73

Hunt on Buckley 1/21: Don't know if you want or get by radio. Or if either will say anything. However, we get good sound on DC Public station carryin and will make an extra tape incase you do want it. HW 1/18/73

Anthony Lewis, 12/30/72 Madness in Great Ones

HW:

This may support your madness line of thinking, but suggests our boy may be as much of a symptom as he is an originator of madness.

Checked my file on Garrett Brock Trappell, caught hi-jacker, acquitted after long NYU trial (NYT 1/78, 18/74 I have). The FBI reports I have are CD 196:1-21; CD 471:2-8. It appears that FBI held out on local prosecution or it was less than diligent, for his psych. record has him in contact with reality and liar. Defense: Jeyll-Hyde (Gregg Ross)! There may be more than these FBI reports should show in his name file at Archives. There are more, but maybe FBI withheld from War. Com, for CD196:1 refers his previous report of plot against Bobby Kennedy. LF: Your Wash bureau can get these pages for 10¢ each. Call 963-4092. Could make you good feature, Sunday, syndicated piece with Times stories on trial. The success of this kind of defense makes hi-jacking a safe, lucrative deal. HW 1/16/73

In case you know about CD 196, HOW has NYT 2/16/73, "U.S. Hijacking Case Ends in Mistrial" (Hasn't read yet, tho.)

HW has NYTimes 1/18/73. Note Sheridan story contains lies he has to know are lies. I believe he did fix Partin, I know of his later relations with Partin from Brownlee and John George Wyatt, both of whom he fixed (and I suspect they were in the Detroit deal with him, anti-black, NBC-TV). And Partin has confessed, on the record, and then for reasons unknown to me wouldn't execute affidavit. It is in the form of Q and A, in a lawyer's office, and I have a copy, from Bill Loeb, whose Art Egan arranged. HW 1/18/73

Your 1/14 notes that when you get it, you get the mail edition of the NYTimes. I don't know if there is a special one called "mail" or if the early one is used for mailing. The one that has been coming here this week-and I don't recall from the past- is titled City Edition. I think that is the first, probably the one that is mailed. If this is the case, there is no point in my duplicating what you would get from it. However, if you get a different one, on late-breaking stories mine might have what yours does not. In any event, I save and sell the old papers, accumulating what the car will hold and carry without overloading to save time and trips. I just yesterday got rid of about a dozen boxes, so, because I'll be getting the times for the duration of the WG trial and probably when Ervin is holding hearings, it will not be too much trouble to clip for you what you might want from the editions that never get there. I'll try to remember to keep each one as intact as possible and I know they'll be in chronological order in each box. So, if and when you decide that you will not get any day's, let me know and I'll get what is left from it and mail.

Thanks for the Exam story on the LA airport suit. I was hoping that a Calif. paper would carry a longer account. I don't think it is precedent, but it would be good to know. I think this is only part of the litigation involving LA airport and that in the rest, the sums sought total billions. HW 1/16/73
