

Jin, if you didn't clip Post's Sunday story on policeman who seemed to work for Nixon's gestapo, name of Binsted, I have it in my WG file. Whites have sent me a copy of the Post's 12/8/72 story on the new Detroit Weatherpeople indictments because the last name listed in it, Larry Grathwohl (sic) of Cincinnati, He and Jane Spielman were dropped in new indictment. Maybe Dick can get you more extensive coverage from Detroit papers?

Thanks. Has to be same guy.
