

Did something over 45 minutes on tape with Malek (?) Pacifica Los Angeles 10 p.m. my time tonight. Don't know when it will be aired or if passed around. Nothing special to it. However, I taped it if it interests you. Most of it, anyway. Wasn't aware when first side ended. Had trouble hearing and understanding him, never did understand some of it. Hope I didn't agree with what I should not have, the most common way of passing over what I didn't get. He was more moderate than last time I did WG with him, right after Mae and Freed. I'll not reuse the cassette until I've time to hear from you. I don't think it is worth your time but you once asked. HW 6/30/73
