

Waldron phoned 11/10. Didn't get message yesterday. Sees, interested in story. Was bust last night with perspnal sighting UFO Tallahassee. I told him of your experience years ago. He may call. Because he knws enough of Hudkins story, I read him excerpts from Jaworski's 5/8/64 to Rankin, which is more than tut-tutting. It is deliberately false and to Waldron's knowledge. If that makes a difference. HW 11/10/73
