

I'm getting close to out of 3M paper again, United Parcel is on strike, Xmas mails, if 3M uses the mail now, are terrible, so I'm sending this WSJ Chile story for you to copy if you'd like. Makes no difference if you want to cut it up. Go ahead. Got it by accident.

Post has Kesler on RPK story, in LA this coming week. Times has Crewdson, Allard Lowenstein and others have upcoming press conference on it. I hope they know what they are talking about!

Don Freed says 10 Congressmen will introduce resolutions in the new session. I hope this also turns out good. I have not heard from one. The use of the guff that is being hawked on the campuses would be terrible. I don't know one who has not been influenced by these. Which is to say really that I presume all have been. HW 12/14/74
