

I do not know of any interest you have in the  
Texas Hunts or Foreman so I'm not copying for  
you the complaint against Foreman for taking a  
bribe from Bunker Hunt to doublecross his client,  
apparently one of the buggers Paul Rothermel  
caught when they were trying to do something  
about Paul, the real reason being to get him  
away from H.L., who he protected. The complaint  
could hardly be more specific, citing times of  
call and conversations, even transAtlantic cables  
and whence sent to whom. Percy got \$100,000 from  
Bunker. I have seen no story. Or all the news  
fit to print? HW 1/28/74
