

Goulden/Washingtonian: Milo is a friend of Lil's who sent that copy after I'd filed a xerox so I sent you the printed copy. No need to return. Hope to have more on this later, as several memos might indicate. Some of the dishonesties are so completely opposite fact I have difficulty not believing he served an unseen master. HW 2/15/75. Sorry I sealed envelope without putting this Hunt memo in. Earlier envelope contents may lead you to believe it was enclosed.

Just noticed I'd forgotten to mail this before I left for NYC. I'll make the second stamp work as hard as it can and will then send. If you do not see a Times service ranking story I think I brought a copy back from NYC and can make one for you. I haven't had time to unpack and it is now bedtime. I had to make up accumulated packages for a.m. mailing. Got NYT 2/24.

NYTimes 2/3/74 on AIB Boston convention: If you want a measure of how farout it really was, the part you marked re Lane. When he has to oppose others doing what he has always done you know how extreme and ~~XXXX~~ counterproductive it really was! I heard him pull some of it with Gregory in promoting that confab on a Boston talk show. HW 2/18/75
