

MAR 17 1975

Dear Jim,

3/17/75

An unexpected one on a more than usually hectic day.

Mort Sahl's producer asked me if I'd fly out and do Mort's show.

I say I would, all expenses paid. He agreed. He is to phone back with confirmation tomorrow for me to be there by Monday 3/25, probably for two days.

When I get that close, expenses paid (assuming I do), I'd like to visit.

OK?

I'd return via Frisco.

Probably do Eason's show. I've spoken to his producer. He is on the air.

And it just happened. If it happened, that is.

If you have no space and if this is not inconvenient, I could probably crash pad with Harv Morgan, as I used to do even when Hal had other arrangements.

It is not necessary for you to phone or anything like that. I'll check from L.A. or ask Jim's producer to phone you.

Of course this would be the time to do other shows.

How I miss our silent friend's exceptional services!

But I fear my lack of caution, even after being warned, caused it.

Best,
