Dear Jim,

1/9/76

I taped part of CBS' 60Minutes show tonight in the expectation you would not and might be interested in Korry. I wish you could have seen his face. Like a special kind of zealot, one with special political messages coming from those kinds of beliefs. As a result, although I am certain there is some if not much truth in what he says I do not know what to believe and what not to.

There are the typical quantum jumps and the atypical Wallace ignoring of them. This part was an ax job, on Sprensen and Mondale and the Kennedys by name. As an example of what I mean that will take careful listening to pick up, Mondale is in on all the Chile dirtyworks because he was privy. He knew? How? Because he is Humphrey's protege and Humphrey wrote a letter of this nature, corrupting Chile, to Korry.

The Kennedys did all of this, including, somehow, in 1964. How? Bobby was in charge of all clandestine activity. I think this is the CIA line, not the fact.

These supposedly tough huy on CBS letting a propagandist get away with all that propaganda is not like them. Nor is it to play straight all the nonsense about Korry's testimony. He was on camera in person where he could say all he did in his testimony. His testimony is not proof of his repetition of the same stuff elsewhere.

I think there are obvious reasons for possible reluctance in printing it. The names are of big people, not little ones. Politicians care about big names.

If I have no way of knowing what is true and what is not in what Korry says and do believe that there are ghosts in the closets of all administrations over what they did with and to Latin America, This guy is talking about the dead and then not really reasonably. But this kind of publicity can force the "testimony" out and damage - you guessed it - no right-winger.

You can decide for yourself. You know more about this than I do. I do not really need this tape, but ~~ya~~ if you don't want it I'd rather have you return it than erase it because of what if my say about CBS in political activity guised as "news"!

The runover is of the girl whose picture at ~~Rann~~ Kent State attracted so much attention - what happened to her.

Best,
