Dear Harold:

Herewith what clips I've collected on the hearing, plus a puzzling thing by Hinckle on the CIA-Oswald connection.

Whether it's a leak or a plant or what, I am unable to account for motivation unless one assumes something like one faction out to clobber another faction.

Anyway, I thought you'd want it. I'm keeping a photocopy here for reference and sending the original to Dave for the file.

We'll see, and all the best,
