"WHITWASH"

2:10 - 2:55 P.M.

HAROLD REISBERG, author of the controversial study of the assassination of President Kennedy and the Warren Commission's report, will join host BOB RAYFORD in a discussion of his book. Whitewash, the first book to appear on the subject, is considered the most thorough investigation of the Warren report, though it does claim that the report was faulty. Listeners' questions and comments will be heard.
