Paul,

One of those lucky things I should be now doing by design instead. Stumbled onto page 493 of CD7 (the early "nut" file) and its headed VIII with subheadings A. Allegations vs Identified persons o/t Oswald, B. Against Unidentified.

Somehow it dawned the principals being accused might be listed alphabetically. They are! Listing follows/please send extra copy to HW/ will save us all some work; they can be checked thru the later maniac-type indices.
