

CD 1444 Attachment #3 was obtained from National Archives. This is in twelve pages and is an attachment(of nine) to "Letter from J.E. Curry, Chief of Police, City of Dallas, Texas 8/25/64 Dallas."

The handwriting on these sheets is by several persons and often approaches (or surpasses) a scrawl. I have done the best I can in assembling and alphabetizing the names on these sheets.

The first number after a name is a cell number. The 22,23, and 24 are dates in Nov. 1963 when calls were made by the prisoners. (A number in parentheses after a date indicates the shift for the day). Accuracy just cannot be guaranteed on the following.

The 12 sheets sent by Chief Curry purport to set out phone calls made by any prisoners for the dates 22-24 Nov. 1963.

Presumably the county would keep a separate list of calls. Have not run across this if there is one. Would appreciate any information. J.N.S. 20 Oct 68.

Notes; One of the 12 sheets was not dated, accounting for  
question marks in above. Squads(shifts) shown where available.  
Integrity of the documents must be subject to question in view of  
performances such as that with the radio logs.
